

Boston, 1.30 p.m.
Dec. 11.

Dear Miss Weston,

I have time only to acknowledge receipt of your very kind note. I have been looking for it, & desired it, for ten days past, or more.

I wish very much to see & talk with you. I am sure, as I can be of anything in the future, that you are entirely mistaken in the results expected from the publication. Some results I anticipate, & I doubt if all of them will be propitious. But I want to tell you facts, & have ^a comparisons of our views. — I am very eager for such a talk with you; but I have no time for more now. I expect to be in town until Sat. morn, but shall be much engaged on Friday. I can hardly

Say where I shall be, any day
or hour; but if I knew when
you would be at Chauncy St~~re~~
I would do my best to meet
you there, — or elsewhere, as
you may designate.

I am always happy
to meet you with Dora, and
perhaps she will come also.
I want particularly to see you.

I have the list all
ready for publication; but
no time is set by the Com^{tee}
for publishing it.

In haste

(Wh. pray excuse)

Yrs.
